GSS GLOBAL SENIOR SOLUTIONS ANNOUNCES MEDICAL ALERT PRODUCT FOR CHALLENGED & HANDICAPPED

Fall-n-Call 2-way Emergency Alert helps the Handicapped be more MOBILE! Loved Ones Rest Better.

NASHVILLE, TN – February 5, 2010 – GSS, the leading provider of 2-way Emergency Alert Pendants for seniors announces the all new Patented “FALL-n-CALL” Alert Technology. Originally designed for senior citizen markets – it is now gaining a major presence in the handicapped, challenged, and special needs markets OF ALL AGES.

Since the portable pendant ships complete with Wrist-strap (fits Wheelchairs), belt-clip, and Lanyard for neck, this intuitive Fall-n-Call system is ideal for special needs children, adults, and elderly. See the product features below. Now your Loved One can attain Immediate assistance in any emergency OR NON-EMERGENCY. Many families are using this technology simply as a means to communicate day to day in an easier way. Challenged user just presses 1 blue-button and it automatically LINKS thru the home-phone and calls up to 4 #'s + 911. There is a “Friends ONLY” setting on the base unit – that allows customization for Non-911 use. i.e. Never calls 911. This is great for any child, adult or senior in a wheelchair as it provides the care-taker with 24/7 “peace-of-mind” to know that the special needs individual will always be 1 click away when needed. It functions very well up to 2 football fields (600 feet) from the base unit – so the special needs person can be assisted anywhere in or around the home – mailbox, backyard, neighbors, etc. Plus, it’s FULL-DUPLEX, so it even works to ANSWER the phone. Wow! If the phone rings – simply press the little button and the user is talking and listening RIGHT THRU THE PENDANT.

FALL-n-Call Features:

- Talk and listen right through pendant itself – simply press 1 Blue-Button!
- Water-resistant – shower ready
- Wireless pendant links directly thru Home Phone - automatically calls up to 4#'s + 911 (if desire)
- Up to 600' (2 football field) range from base unit – can add up to 4 pendants per base unit
- No Monthly Fees - only “one fee and then it’s FREE!”
- 3 Settings for Base Unit: Friends ONLY, 911 ONLY, or Friends + 911
- Only \$279.95 ONE-TIME. Also offers a very comprehensive Life-time Warranty for only \$99.95
- System works for Incoming or Outgoing Phone Calls – i.e. You can even [answer incoming calls with it!](#)

About GSS Global Senior Solutions:

GSS is an innovative international medical supplies organization headquartered outside Nashville, TN with strong commitments to Christian ethics. Their main mission includes saving seniors significant amounts of money by offering Upgraded Emergency Alert Technology at one single price as opposed to the industry standard “Monthly Fee” Alerts. They specialize in providing the most advanced emergency alert technology for seniors from America to Asia. Their patented 2-way “Fall-n-Call” alert has been shipped throughout the US, Canada, Puerto Rico, The US Virgin Islands, Mexico, Europe, Singapore, Korea, and many points throughout the world. Due to recent growth, global distribution goals include exclusivity agreements with the strongest progressive distribution channels worldwide. The **NO MONTHLY FEE** Fall-n-Call talk-thru system offers fast emergency assistance in the event of fall and is a premier product line for hospitals, assisted living centers, retirement communities, independent living corporations, private practices, building inspectors, fire/police/rescue depts., as well as state, local, and federal governments. Strategic marketing through GSS includes sales of this product line to 3 key channels: End User, Commercial and Dealer.
